

FALCON
E-TECHNO SCHOOL

Dream It Believe It Achieve It

Falcon E-Techno School stands as a beacon of academic excellence and innovation, offering a unique blend of traditional education and modern technology-driven learning. As a premier E-Techno School, Falcon E-Techno integrates a cutting-edge curriculum with advanced digital tools, ensuring that students are equipped with 21st-century skills to excel in a rapidly evolving world.

With a commitment to holistic development, Falcon E-Techno School fosters a dynamic learning environment where students are encouraged to explore their potential beyond textbooks. The institution combines concept-based learning, STEM education, and interactive digital platforms to enhance comprehension and critical thinking skills.

VISION

To provide intellectual, moral, and innovative leadership by inspiring young minds to realize their full potential, foster creativity, and develop solutions that contribute to the progress of society.

MISSION

To foster leadership, ethical values, and global awareness, shaping responsible and confident individuals

To foster an inclusive, student-focused environment that nurtures each student's potential.

To instill a passion for lifelong learning and adaptability in an ever-evolving world.

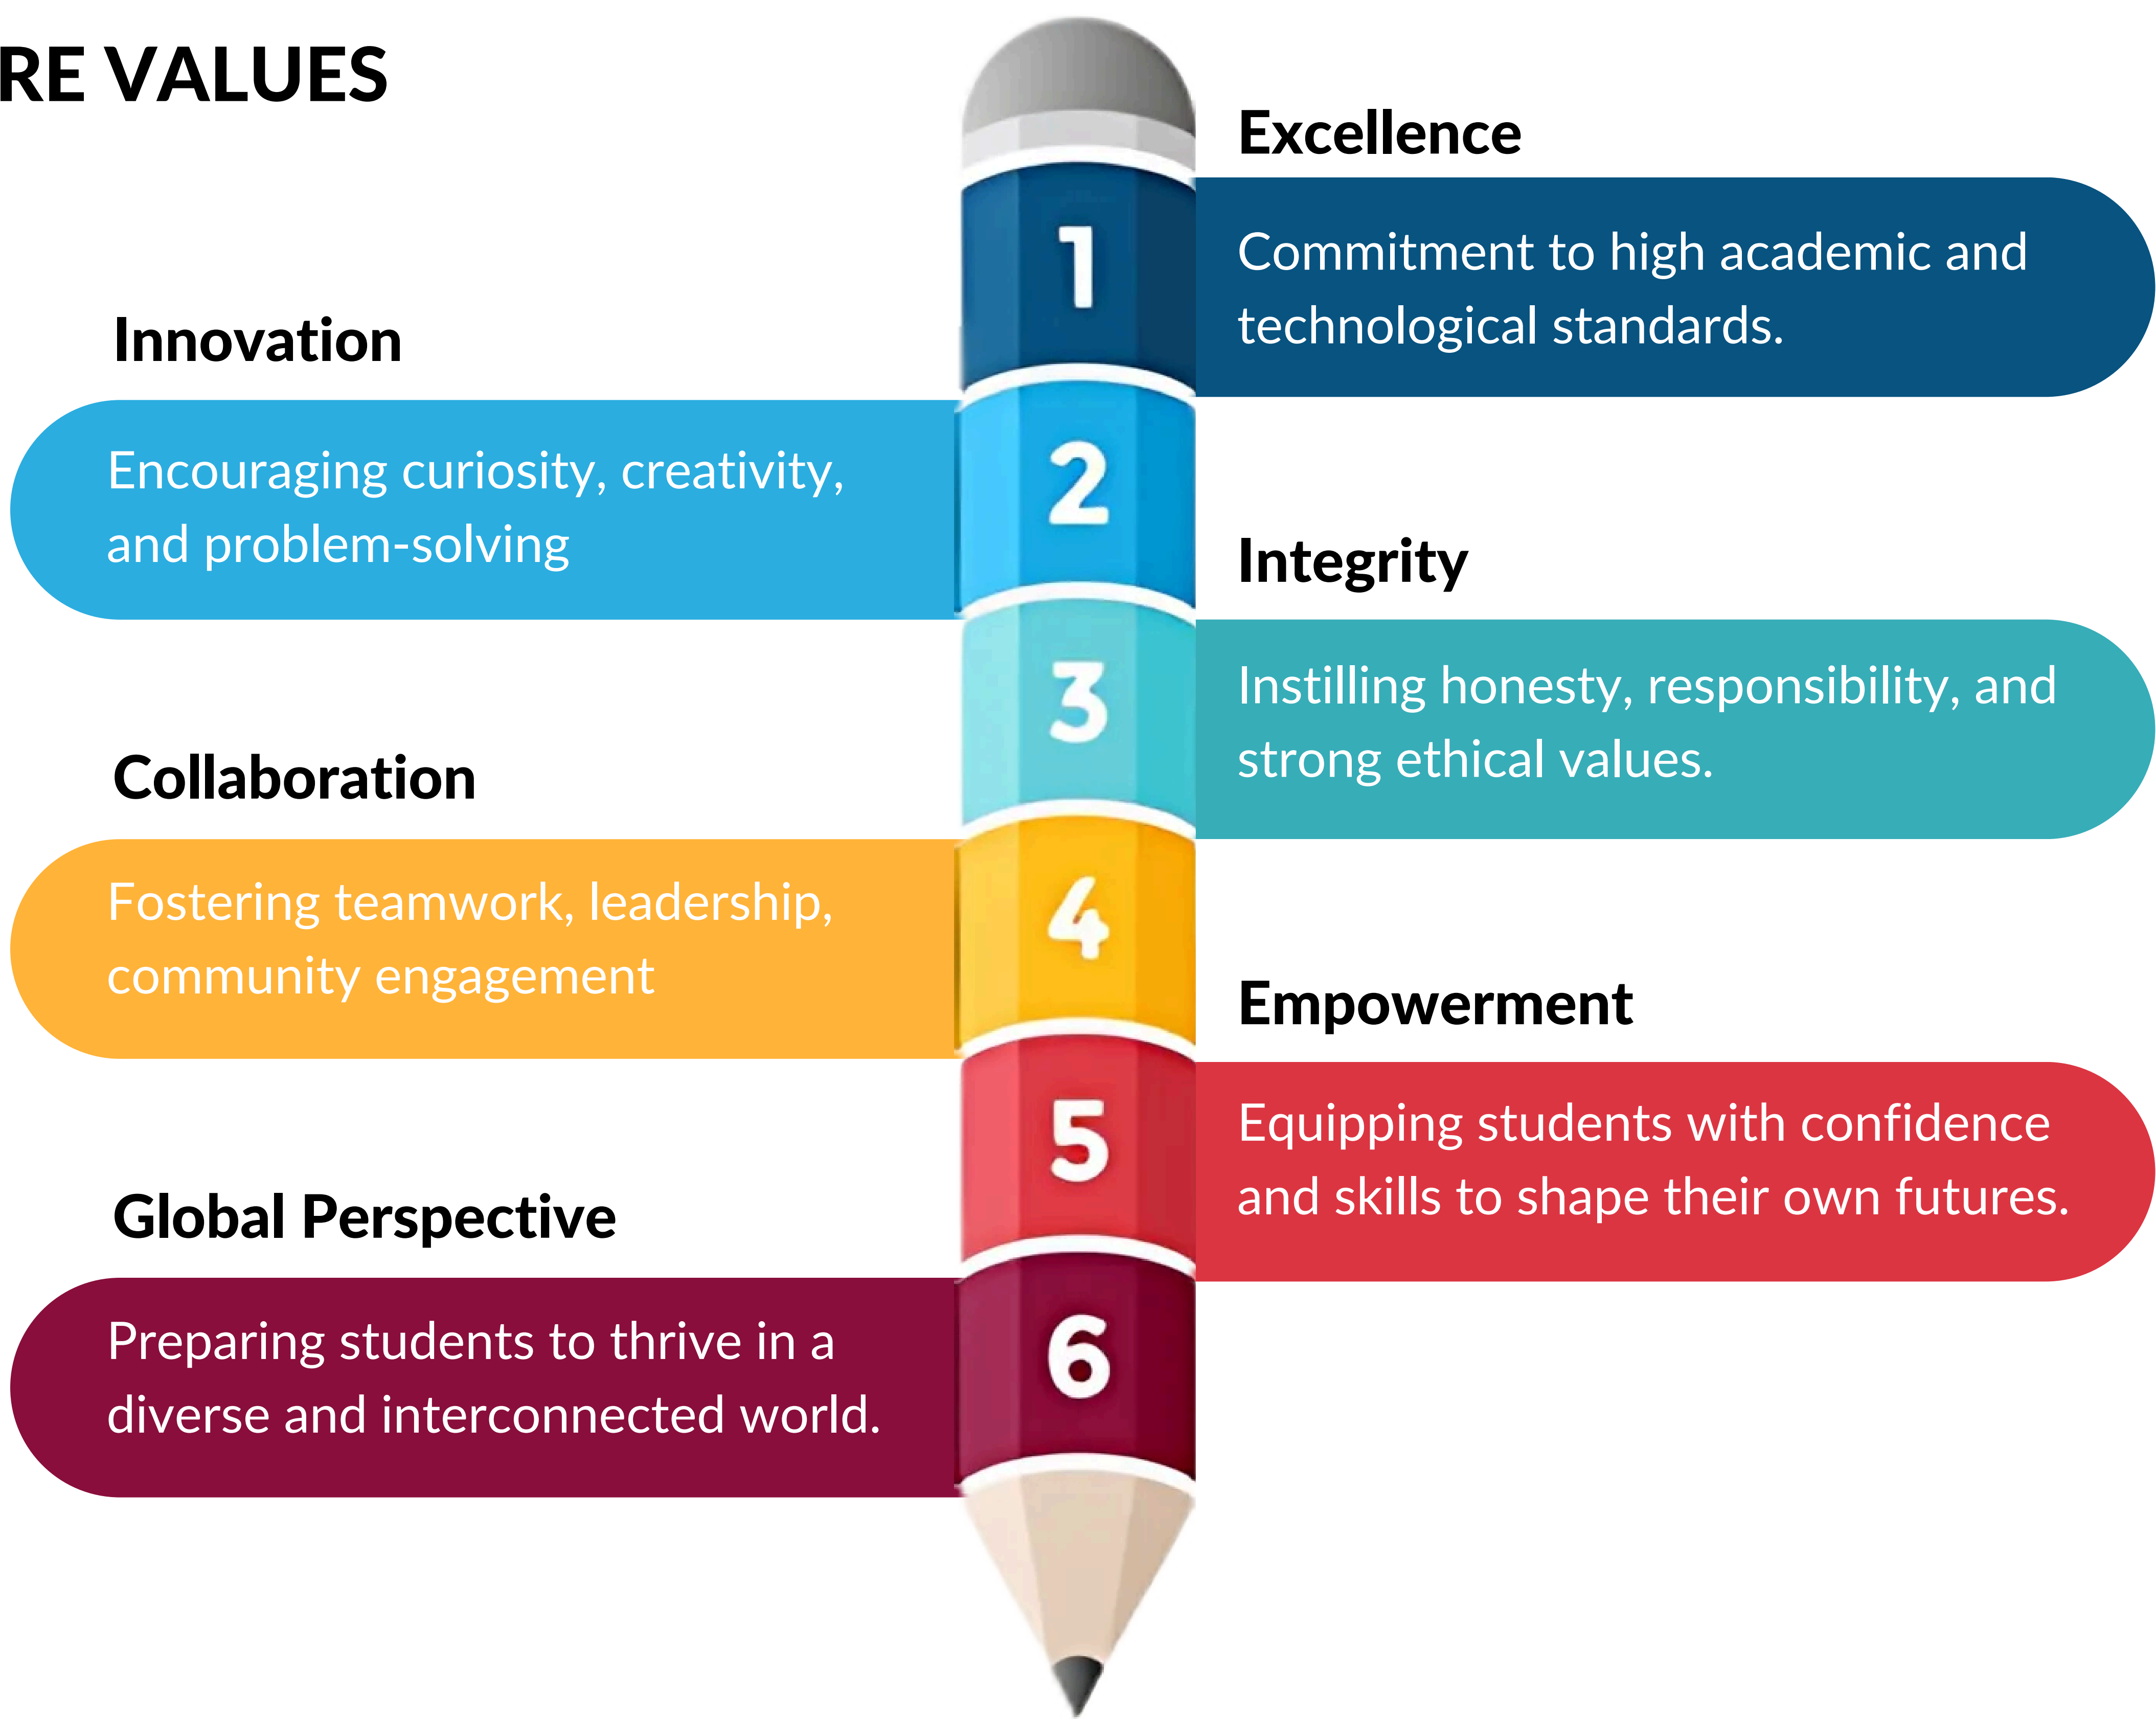

To provide a holistic, tech-driven education that nurtures critical thinking, creativity, and innovation.

We promote research and innovation to empower students as pioneers in their fields.

To combine digital learning tools with a strong academic foundation to prepare students for future challenges

CORE VALUES

Why Choose Falcon E-Techno School?

Concept-Based Education

Encouraging critical thinking, problem-solving, and creativity.

Qualified & Experienced Faculty

Dedicated mentors fostering individual student growth.

Competitive Exam Preparation

Special coaching for NEET and CET foundation.

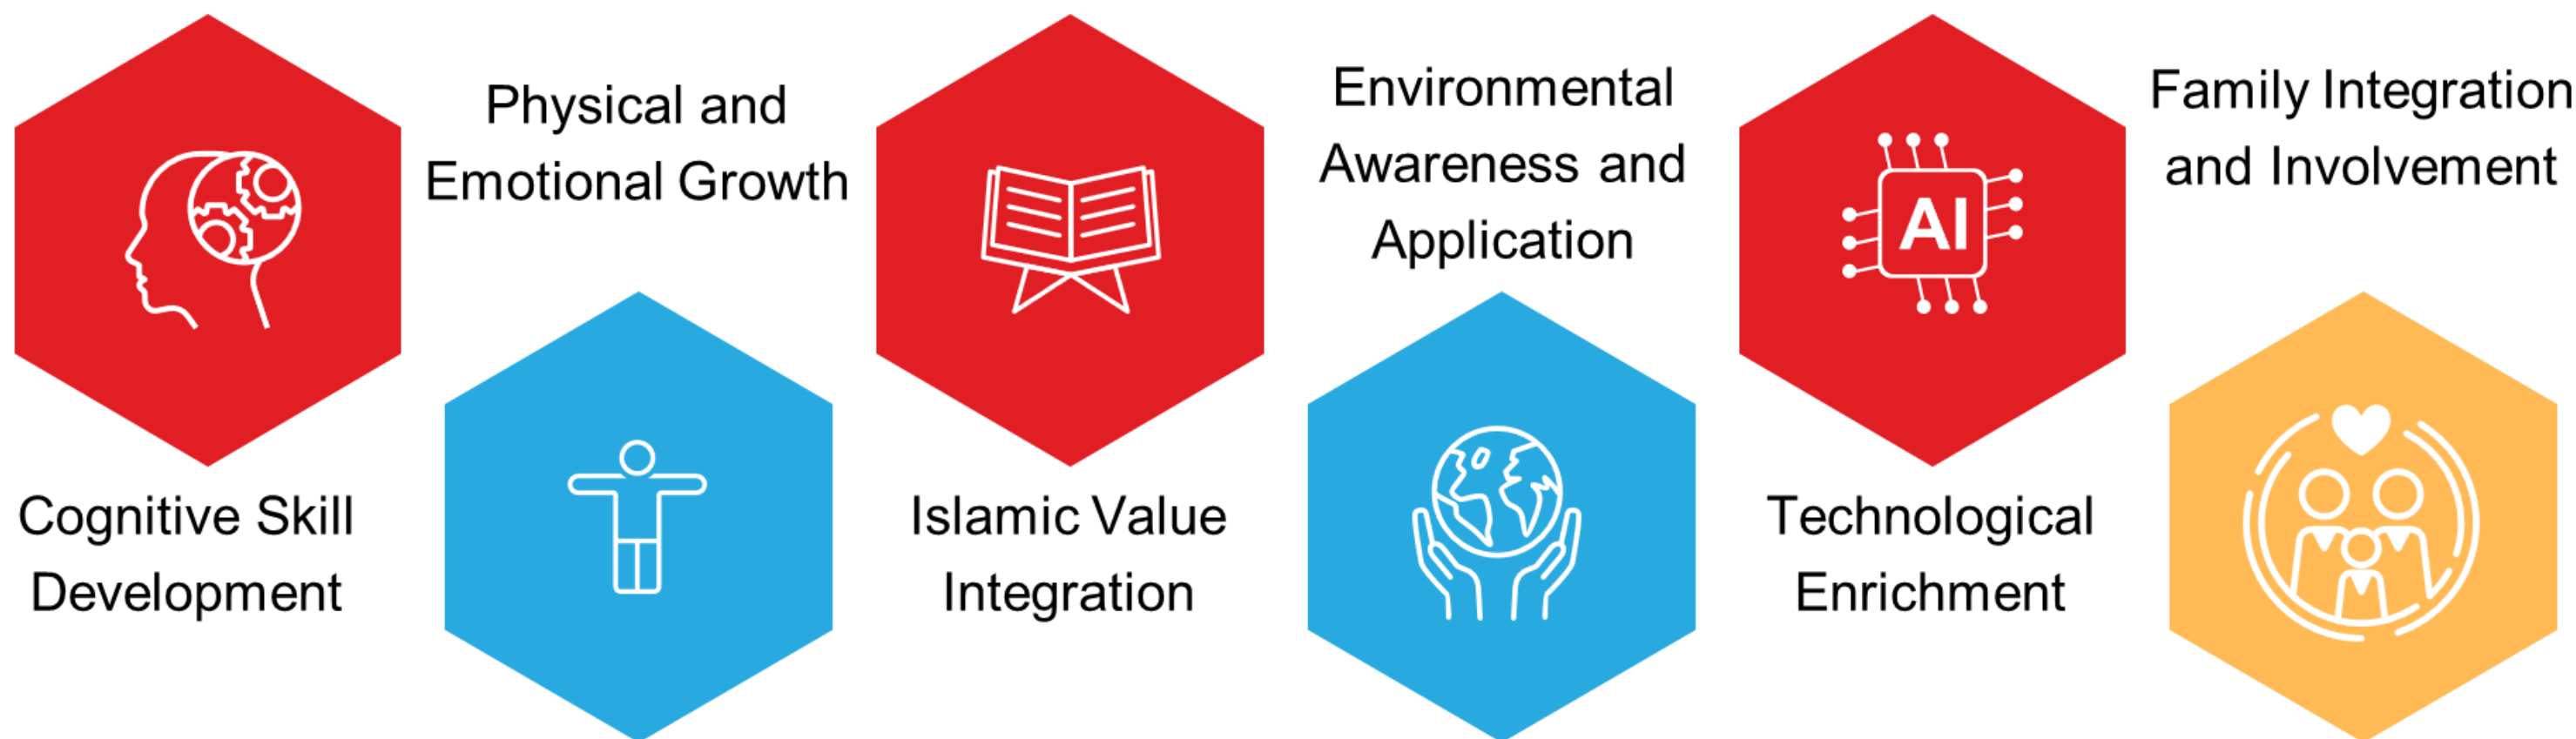

Moral & Ethical Foundation

A values-based approach to developing responsible global citizens.

Empowering the Next Generation with Faith and Innovation

Falcon Tech Kids is a conceptual preschool that integrates Islamic education with modern technology. It is designed to offer a unique educational experience that combines the foundational teachings of Islam with innovative learning tools like Augmented Reality (AR) and Gamification. The objective is to foster a balanced development of children, nurturing their spiritual, cognitive, emotional, and social growth from global early age teaching pedagogy from Japan & Malaysia, while also acquainting them with technological skills relevant in the modern world.

Six key dimensions to provide a holistic and engaging learning experience for preschool children.

FALCON E CHAMPS (GRADE 1 TO 5)

Empowering the Next Generation with Faith and Innovation

Falcon E Champs integrated semester series is a thoughtful approach to education for grades 1 to 5, aligning with the National Curriculum Framework 2023. The series appears to be designed to provide a holistic learning experience by integrating various subjects into a single book for each semester, thereby reducing the physical burden on young students while encouraging a comprehensive understanding of different subjects. It conforms to key pedagogical guidelines of National Education Policy (NEP) 2020 both in its structure and content.

Our model focuses on multi dimensions to provide a holistic and engaging learning experience.

FOUNDATION COURSE

for 6th to 10th Std Students

Our Foundation Course is designed to build a strong academic base for students from 6th to 10th standard, equipping them with the skills and knowledge required to excel in competitive exams like NEET, JEE Olympiads, and other entrance tests.
